

## X. RESEARCH SUPPORT

---

Two types of research grants are administered by the Research Committee. Smaller grants are awarded to assist in preparing papers, purchasing reprints, and providing other services connected with research. Larger grants support requests for (1) developing ideas or projects that are to be submitted to other agencies for more extensive funding, and (2) funding either in full or in part original research or scholarly activity.

For additional details, see the description of the Research Committee, Section One.VII.C.1. Applications for such support should be made to the Provost & Vice President of Academic Affairs, who serves as the chairperson of the Committee on Research.
