COMPUTER INFORMATION SCIENCE, MINOR

The Minor in Computer Information Science will provide students valuable computing skills in partnership with primary degrees. The minor could pair with every major, from Biology to English.

Minor Requirements

The minor in Computer Information Science consists of 16 hours of Computer Information Science coursework, including at least six upper division hours. The courses must include:

Code	Title	Hours
Required Courses Inside Department		
CM 111	Introduction to Structured Programming	4
CM 245	Contemporary Programming Methods	3
CM XXX	CM Course [1]	3
CM 3XX	Upper Division CM Course	3
CM 3XX	Upper Division CM Course	3
Total Hours		**16**

[1] CM 101 Computer Concepts and Applications and CM 298 Special Topics/Non-Majors do not count toward the minor.
