

DEGREES AND PROGRAMS

Requirements for all Arts and Sciences Baccalaureate Degrees

To receive any baccalaureate degree from Washburn's College of Arts and Sciences a student entering Washburn direct from high school must complete WU 101 The Washburn Experience or HN 101 Honors First Year Experience (conditional upon admittance into the Honors Program) with a minimum grade of C.

Notes on requirement above:

1. Students not direct from high school entering Washburn University with less than 24 hours completed at an accredited post-secondary institution who have not completed a university success course with a minimum grade of C enroll in WU 101 The Washburn Experience or HN 101 Honors First Year Experience (conditional upon admittance into the Honors Program) as determined by their Academic Advisor.
2. Students transferring to Washburn University with 24 or more credit hours completed at an accredited post-secondary institution (after graduating from High School) with a GPA of 2.0 or higher are exempt from the requirement to take WU 101 The Washburn Experience or HN 101 Honors First Year Experience. They are strongly encouraged to complete a series of independent online modules introducing them to the Washburn University Community of Learning. Other exemptions may be made by the Dean of the College of Arts and Sciences.
3. Students not falling in designated categories will be reviewed by Academic Advisors for applicable placement recommendations.
4. Students originally determined as being required to complete WU 101 The Washburn Experience or HN 101 Honors First Year Experience who advance beyond 24 hours of credit without fulfilling the requirement with a minimum grade of C are required to complete a 3-credit hour Directed Readings project (IS 110 Special Topics) administered by the FYE Lecturer/Coordinator.

To receive any baccalaureate degree from Washburn's College of Arts and Sciences students must also complete an upper-division composition course (EN 300 Advanced College Writing, EN 308 Scientific and Technical Writing, or EN 312 Theories of Persuasive Writing).

To receive a BA, BFA, BM, BPA, or BS degree from Washburn University, students must complete a minimum of 99 semester hours of credit in courses that either are offered in the College of Arts and Sciences or would normally be taught by a discipline in a college of arts and sciences.

To receive a BEd degree from the College of Arts and Sciences at Washburn University students must complete 72 semester hours of credit in courses that either are offered in the College of Arts and Sciences or would normally be taught by a discipline in a college of arts and sciences.

In certain instances, such as when students are pursuing a dual degree, double major, or minor in a program outside of the College, it may be possible to reduce the number of credit hours required from the College of Arts and Sciences. Such requests should be made to the Dean of the College.

There is no minimum requirement for credit hours within the College of Arts and Sciences for students pursuing the Bachelor of General Studies degree or Bachelor of Integrated Studies.
