

# ADULT EDUCATION

---

Adult Education classes are offered on the Huntton and Washburn Tech East campuses. Classes are designed to meet the needs of individuals who are lacking a high school diploma, are deficient in basic skills, and/or are English Language Learners.

The AO-K program is also offered through the Adult Education Center. Individuals who want to work toward earning their Kansas State High School Diploma and acquire technical training at the same time can do so through the AO-K program. The tuition costs for the technical classes are paid by the Kansas Board of Regents. The student only pays the \$30 student materials fee and the cost of taking each of four GED tests to earn a Kansas State High School Diploma.
